The Hughes Brothers Christmas Show

This show features the popular Hughes Brothers and their enormous extended family of children and spouses all backed by a brilliantly talented live band. It's jam-packed with singing, dancing, holiday humor, and a special visit from Santa.

Christmas Wonderland

We'll be taken on a musical journey from the North Pole to California as the festive sights and sounds of the holiday season take over the stage! The stage comes to life with Santa's Workshop, snowy and sparkling streets of New York City, scenes from the Nutcracker and so much more.

Dolly Parton's Stampede Christmas Dinner Show

Every time we passed this theater while in Pigeon Forge last year, our travelers asked when we could go. We've been able to add it to this year's lineup! The arena is magically transformed into a true fantasy-land complete with twinkling lights, evergreens, poinsettias, vintage holiday costumes and wonderful holiday music. All this fun and a delicious four course meal served by dueling Elves.

The Haygoods Christmas

This family's recipe for success is raw talent combined with tight harmonies, innovative and energetic choreography and amazing performances on over 20 different instruments. The show features six melodic siblings with a passion for putting on a top-notch show.

The Dutton Family Christmas Show

The Duttons are international touring and recording artists who perform bluegrass to classical music and everything in between. Their show features a variety of instruments, including violin, guitar, bass, viola, banjo, mandolin, keyboard, harmonica and drums among others. This show will feature old and new favorites to celebrate the Christmas season!

Noah

With a catastrophic storm on its way, one man is given a monumental task: build a boat big enough to save his family from the flood that will cover the earth. And they won't be alone – as the animals board two by two! The Sight & Sound Theater will take us on one of the world's best known voyages. Be prepared to be amazed!

On the go with Amanda...

What an unusual start to a new year – these past couple of months certainly are unlike anything we've ever experienced before. We are hoping and praying that you are doing well and surviving the quarantine with your sanity and good health intact.

We canceled our April trip to see the Buddy Holly performance and the Yellowstone program in June has been moved to September. At this time, we are still planning on The Ark Encounter in August, Ireland in September and Branson in November. We also are planning on the day trips in October and December. Our first priority is the safety of our travelers and we will make any necessary changes to these plans as needed. If plans change, we'll reach out to our travelers immediately.

While we typically would be rolling out next year's trips at this time – we want to be sensitive to what we are going through. Depending on what the remainder of the year looks like, we may carry-on as we always have and help bring your bucket list ideas to fruition.

Sending thoughts of good health to each of you!

The United States' very first national park was Yellowstone, signed into law by President Ulysses S. Grant in 1872. Yellowstone National Park is a nearly 3,500 square mile wilderness recreation area atop a volcanic hot spot mostly located within Wyoming, though the park spreads into parts of Montana and Idaho too. Yellowstone features dramatic canyons, alpine rivers, lush forests, hot springs and gushing geysers, including its most famous, Old Faithful. It's also home to hundreds of animal species, including bears, wolves, bison, elk and antelope. This trip will also feature a second national park, with a visit to the Grand Teton Mountain Range.
